

PROJECT RISING HOPE

Project Rising Hope is a food distribution outreach dedicated to serving the community of Cottonwood. We provide essential food supplies to over 1,500 families monthly, ensuring no one goes hungry. During the winter months, we also extend our mission to include warm clothing and hygiene products, helping those in need face the season's challenges with dignity and care. Javelina Cantina is thrilled to announce we will match all donations dollar for dollar. Now through December 25th.
