

## THE ART OF SUSTAINABLE STYLE FASHION SHOW

Join us for one of our favorite days of the year! On April 25th at 2:00 PM, Closet Concierge transforms into a runway for The Art of Sustainable Style—a fashion show designed to answer the question we hear every single day: “I love it... But where would I wear it?” We’re going to show you exactly how. Think eye-catching, one-of-a-kind pieces styled in ways you can wear right now. Looks that inspire. Outfits that make you rethink what’s already possible in your wardrobe. And the best part is that everything you see on the runway will be available to shop immediately after the show. The afternoon will feature music by DJ Pinktastic (Michelle Grimm)—Sedona Dancing Queen in her next evolution—spinning runway rhythms and dance-floor energy that will carry us from showtime straight into celebration. And because we hope you find a few new spectacular things you cannot live without, every attendee will receive a \$20 in-store coupon toward their favorite runway finds. Bring a friend. Make an afternoon of it. Come ready to be inspired, surprised, and maybe even see yourself in something you never expected.
